

Dr Richard Bruce Warren

Current position:

1 February 2010 – current
NIHR Clinical Senior Lecturer in Dermatology
Dermatology Centre, University of Manchester
Honorary Consultant Dermatologist
Salford Royal NHS Foundation Trust

Clinically qualified and clinically active (3 clinics per week)

Previous employment:

Sept 2008 – Feb 2010	NIHR Clinical Lecturer Dermatology, The University of Manchester
Sept 2005 – July 2008	MRC Clinical Research Fellow, The Dermatology Centre, The University of Manchester.
Jan 2003 – August 2005	Dermatology SPR, Royal Liverpool University Hospital, Liverpool

Education and qualifications:

1998	BSc Pharmacology (1st class Honours) - Liverpool Medical School
1999	MBChB (Hons), Liverpool Medical School
2002	MRCGP
2008	PhD, Manchester University

Recent Grant income:

- **NIHR Senior Clinical Lecturer** awarded 2010-2015. £250,000
- **NIHR Clinical Lecturer** awarded 2008-2010. £120,000
- Programme in clinical pharmacology – Pharmacogenomic signatures of treatment response in psoriasis. Principle supervisor **MRC NW England Clinical Research Training Fellowship**, 2010-2013
- Programme in clinical pharmacology - Investigation of immunogenicity in response to biological therapy for autoimmune disease. Co-supervisor **MRC NW England Clinical Research Training Fellowship** 2012-2015

- Genetic Susceptibility To Psoriasis and Psoriatic Arthritis and The Pharmacogenetics of its Biologic Therapeutic Treatment Programme. Principle Investigator **Abbott** 2010-2014. £128,994
- Towards an understanding of the critical role of psychosocial stress in psoriasis. Co-investigator. **Pfizer**, 2011-2013. £156,000
- A multi-Centre, prospective, cohort study to establish clinically relevant pharmacogenetic markers of systemic treatment outcomes in patients with severe psoriasis. Co-Investigator **Psoriasis Association** 2011 £69,000
- An exome scanning approach to the investigation of ANTI-TNF Induced Palmo-Plantar Psoriasis, Principle Investigator **British Skin Foundation** 2012 £10,000
- The potential of Pharmacogenetics to optimize methotrexate therapy for psoriasis **MRC Clinical Research Training Fellowship**. PhD student 2005-2008 £186,000
- Genetic variants in the IL1B region are key discriminators between early and late onset psoriasis. **Sir Jules Thorn PhD Scholarship**. £84,000
- An investigation into genetic factors which discriminate psoriasis from psoriatic arthritis. **Psoriasis association PhD Award**. £87,000

Supervision of research students:

5 PhD students, lead supervisor for 2 and co-supervisor for 3

Academic standing:

NIHR Clinical Senior Lecturer

Expert member-National Institute for Health and Clinical Excellence Guidelines for psoriasis

Chair -British Association of Dermatologists Methotrexate Guideline group

Member -British Association of Dermatologists Biologics Research Subcommittee

Member -British Association of Dermatologists Biologics Committee

Councillor -International Psoriasis Council

Member - Psoriasis International Network Scientific Committee

Editor - Dermatology and Therapy
